MISSION

Welcome to the South Texas Amphibian & Reptile Society. STARS members are a diverse group of individuals who share a common interest in the natural history, conservation, and husbandry of reptiles and amphibians. STARS offer a variety of activities and educational opportunities for our members and the public. Monthly meetings are open to the public. STARS provides Educational programs, Volunteer services to local communities, including lectures on reptiles and amphibians for school groups, scouting groups, and industry groups. Community outreach includes educational displays of Texas reptiles at local public events to provide Texans with an appreciation of the Education of our state Reptiles. Public service that STARS conducted in cooperation with local government whereby volunteers remove unwanted reptiles from residential areas and rescue or adopt any animals in need of a new home. For events and more information, you may visit our website at <https://www.southtexasamphibianandreptilesociety.com/>

I want to thank everyone that helped with the South Texas Amphibian & Reptile Society table at the Texas Reptile Expo this past weekend. If it wasn't for our wonderful members that volunteer at our table, we could not educate the public.
